**Cover cap
VUVS-LK20/25**

1. Parts list

 1 Cover cap (10x)

Not included in delivery:

 2 Solenoid valve (1x)
VUVS-LK20...
VUVS-LK25...

2. Intended use

Cover cap VUVS-LK20/25:

- Manual non-detenting actuation of the solenoid valve  (→ section 4a).
- Blocking the manual actuation of the solenoid valve  (→ section 4b).

3. Notes on mounting

→ Note

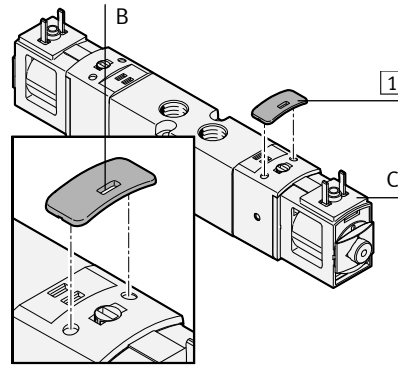

Malfunction due to incorrect mounting.

- Switch off compressed air before mounting work.
- Set manual override (A) to **unactuated** prior to mounting.

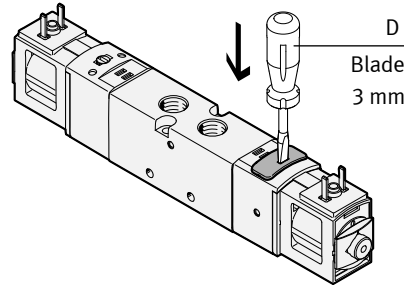

4. Mounting

4a. Mounting for non-detenting actuation

- Mount cover cap  as shown (→ **Note**).
Check: Orifice (B) is located on the side facing the magnet (C).

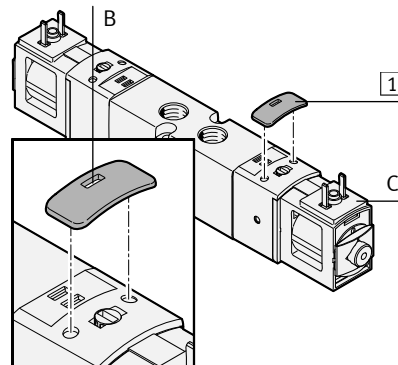

- To actuate, move screwdriver (D) in the direction of the arrow.

4b. Mounting as a blocking function

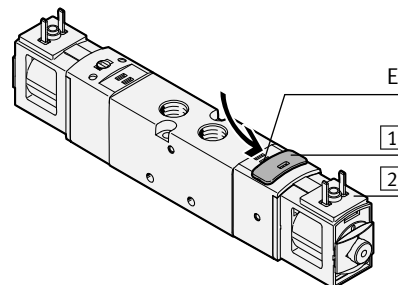

i Information

When mounted and rotated by 180°, the cover cap  prevents actuation.

- Mount cover cap  as shown (→ **Note**).
Check: Orifice (B) is located on the opposite side to the magnet (C).

5. Dismantling

- Remove cover cap  from the solenoid valve  using orifice (E).
